## TAFT PULLING FOR MORE AMERICAN VESSELS

WASHINGTON, Feb. 3.—Secretary Taft appeared in the Senate chamber today and conferred with Senators Hale, Tamm and Lodge regarding transportation by sea of material and equipment for use in the construction of the Panama canal. An effort was made to have an amendment offered by Senator Lodge, providing for the purchase of two steamships of American registry for the use of the canal commission, inserted in the emergency appropriation bill, but the committee refused to accept the provision.

It was finally agreed that a joint resolution recently offered by Senator Fry should be reintroduced. This was done today. It provides that all materials for the canal shall be carried in vessels owned by the Government or of American registry.

When a report on this resolution is obtained, there will be an effort to have Mr. Lodge's provision for the purchase of vessels for the canal commission, inserted in the sundry civil appropriation bill. The Lodge amendment calls for an expenditure of \$1,500,000 for the two vessels.

**Spends \$5,000,000 and Fails.**  
ASHEVILLE, N. C., Feb. 3.—The United States Circuit court today granted a petition of A. O. Brown & Company of New York for the appointment of a receiver for the Whitney company, which has been developing water power at a point thirty miles below Salisbury, where already \$5,000,000 has been spent. The company will be reorganized.

**Boilermakers' Strike Off.**  
ST. PAUL, Feb. 3.—Vice-President Gallivan of the International union of Boilermakers today announced that the strike of boilermakers against the several railroads in Minnesota was declared off. The railroad officials announced that they will only take back such men as they need.

"There's a Reason"

## Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household care or in social duties and functions, which seriously tax their strength, as well as nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering child birth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol in its make-up. In this connection it may not be out of place to state that the Favorite Prescription of Dr. Pierce is the only medicine put up for the relief of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

## YOUR SWEETHEART

A sweetheart who is worth while values the engagement ring for what it stands, and not for what it costs.

A lover worth while will make sure that the diamond with which he pledges his fidelity, even though it be small, is pure in quality and as white as snow.

Every good fellow cannot afford an expensive engagement ring, and for those who are wise enough to buy only what they can afford, we have mounted a lot of very beautiful pure white flawless diamonds in 14-karat Tiffany mountings, cased in Leyson velvet cases, which we will sell this week for, each . . . . . \$27.75

Examine them carefully and if they are not as beautiful as can be bought for \$35.00 elsewhere—do not buy them.

Consider well, however, that your sweetheart would prize a diamond in a Leyson case more than one in any other, as our name is an emblem of superiority.
